

NSB 40FT *Blue + Battery*®

Designed for demanding telecom applications

The proven performance of **Blue Star Technology**® now enhanced to deliver **more power, high cycling and fast recharge**

- + 2 year shelf life
- + Ideal for demanding environments with unstable AC power
- + High cycling and fast recharge performance
- + High potential fuel savings when used with hybrid genset applications
- + Modified electrochemistry delivers high capacity and high power density
- + Operating temperature range -40°C to +65°C
- + High modulus Polyphenylene Oxide (PPO) plastic materials designed to withstand extended elevated operating temperatures
 - Non-halogenated, thermally sealed plastic casing
 - Flame retardant (UL 94 VO) and LOI of at least 28%
- + Partial State of Charge (PSOC) cycling technology
